

Dear Parents,

Each academic year, Ecole Ruban Vert, The international School of Gabon, launches its scholarship programme offering an opportunity to brilliant Gabonese and international students to be part of an institution of excellence to study in an international environment. Based on criteria, which acknowledge academic and personal merit, Ecole Ruban Vert targets students from the 6th grade to year 11 who desire to develop their skills and be part of an international environment. Being accepted on our scholarship programme also implies:

- ✎ Adhering to our values of excellence, respect and virtue.
- ✎ Discovering a world of opportunities,
- ✎ Being part of a diverse community with many cultures,
- ✎ Paving a way to becoming an active player in the world of tomorrow.

The selection process comprises of a series of academic tests, however, the personality and potential of the candidate are taken into account as much as academic records and interviews.

At the end of this process, candidates will receive a letter that will convey the final decision.

For more information on our school programmes and/or our scholarship programme, we would be pleased to welcome you Monday to Friday between 7:30 am and 4:30 pm.

Yours sincerely,

Harry McFaul
Head of School
